

BRYAN BLAMED FOR CHINA'S FIT

Chinese Representative of American Company Writes of Results of Commoner's Speech.

STIRS UP NEW ANTIPATHY

Nebaskan Draws Gloomy Picture of What Would Happen to Americans.

(By Associated Press.)
SPOKANE, WASH., February 11.—Samuel Glasgow, manager of a milling company of Spokane and Seattle, to-day said that he had received from William Buritt, Chinese representative of the company, newspapers and letters which say that the Chinese interpretation of a speech made by William J. Bryan before Chinese merchants at a dinner given by them in his honor, has been used by Chinese agitators to stir up renewed antipathy to American products.

Previously to this speech by Mr. Bryan the letters say, at a meeting held by about fifty commercial representatives and delegates from the various Chinese guilds of Shanghai, Canton and Hong Kong, the delegates had agreed on twelve proposed modifications of the American Chinese exclusion law. The American representatives agreed to have their houses urged upon Congress, and the Chinese agreed immediately to call off the boycott.

Then, according to Hong Kong papers, Mr. Bryan was entertained by the Chinese merchants at a dinner and made a speech. One of the Chinese merchants at the dinner reported the proceedings to Chinese newspapers. He quoted Mr. Bryan as saying that the labor party was so strong in the United States that it would never be permitted to enter, and as drawing a gloomy picture of what would happen to American workers if the Chinese were allowed to take away their employment. This informant said that while Mr. Bryan had agreed to support a number of proposed changes, he had not been able to draw from Bryan any definite assurance of support of the policy which the Chinese would insist on as the only condition on which the boycott would be withdrawn.

After this interpretation of Mr. Bryan's speech was circulated, the Chinese merchants became convinced that Congress would not adopt the changes raised by the American merchants, and that their best policy was to put on the boycott screws tighter than ever.

VICEROY STIRS UP ALL ANTI-FOREIGN FRICTION

People of Canton Are Urging the Expulsion of Obstreperous Chinaman.

(By Associated Press.)
HONG KONG, February 11.—A dispatch received here from Canton says that the anti-foreign sentiment there is due to the attitude of the viceroy, who appears to be determined to create friction with the United States. The viceroy, up to the present time, has taken no action in connection with the representations of the consular body regarding the recent attacks on foreigners. A leaflet has been widely circulated in the city of Canton, urging the people to co-operate with a view to the expulsion of the viceroy.

PURE FOOD SHOW.

Retail Grocers' Association Have Arranged for Exhibit.

The Richmond Retail Grocers' Association is sending out the appended invitation which are self-explanatory:
The remarkable success of the Pure Food Show at the country has prompted the Richmond Retail Grocers' Association to put on a Pure Food Show from March 13th to 24th. We have secured the large Masonic Temple on Broad Street. The interior is a very elaborate affair of the fresco decorations. Art, it is accessible to all street-cars and in the heart of the city. We must agitate the pure food laws in Virginia and the South. Why should we be the "dumping ground" for all adulterated foods when we can keep them out? Pure Food Shows have been very successful in the South, and have proven very profitable to the manufacturer of foodstuffs. You will find the floor plan of the building on inside page. If you should want a space, telegraph us at our expense, so as to insure you the desired location.

This practical test, the effect demonstration of merit, is the keynote of popularity. The Food Show provides the means, the manufacturer provides the material upon which to build, and the buyer who seeks information that the consumer, the householder, and the person whose knowledge what the best is, and how it should be used, find the Food Show not merely an exhibition; it is a school of instruction in household economics that what is seen is judged, what is tested is enjoyed—and the results of the show are satisfactory to the exhibitor and to the public the exhibitor desires to reach—surely, politely, and effectively.

The Richmond Retail Grocers' Association extends a cordial invitation to all manufacturers to exhibit at this show; and should you desire to participate, the members of the association would thank you to advise the secretary at your earliest convenience, and by so doing you will greatly oblige.

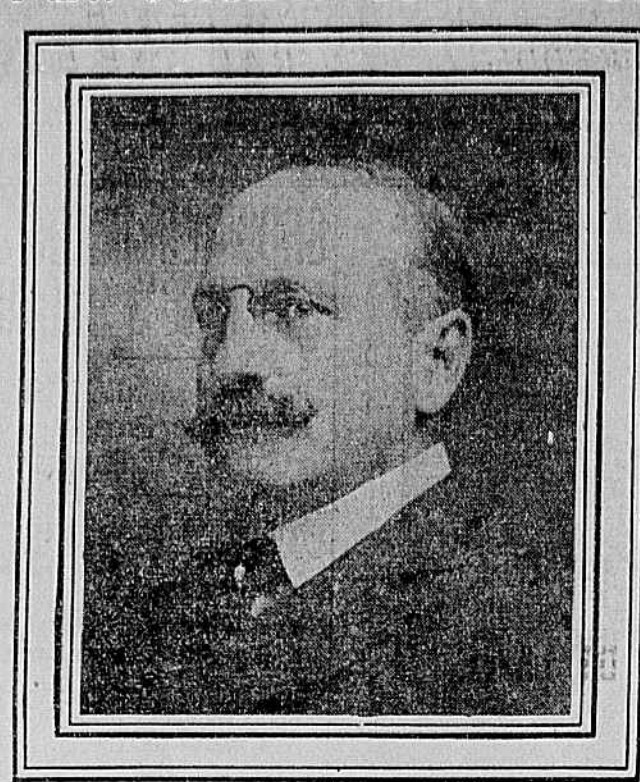

Yours respectfully,
RICHMOND RETAIL GROCERS' ASSN.,
Pure Food Show Committee,
EUGENE H. HYMAN,
Director.

TRAIN IS DERAILED; FOUR PERSONS INJURED

(By Associated Press.)
NASHVILLE, TENN., February 11.—The Illinois Central Railroad's Chicago and Florida Limited, leaving here tonight at 7 o'clock for Chicago, is reported west of here. Three passenger coaches and the engine are said to have tumbled over. Details are not yet known, as a wrecking train has not yet been sent to the scene.

Conductor S. A. Cherry, Engineer

NEW FACE IN CONGRESS.

JACOB SLOAT FASSETT, Congressman from New York.—Mr. Fassett was born in Elmira, N. Y., November 13, 1853, and has always lived in that city. He was graduated from the University of Rochester in 1875 and admitted to the bar as attorney in 1878. He was appointed district attorney in 1879, serving for one year. He then went to Germany and took a course at the University of Heidelberg. In 1881 he was nominated by the Republicans for Governor, but was defeated by Roswell P. Flower.

Charles McGee and two passengers, whose names have not yet been obtained, were injured, how seriously was not known until the wrecking train returns here. Six other passengers were slightly hurt. The train is said to have struck an obstruction on the track. The engine, baggage car, smoker and first chair car, were derailed and turned over. The sleepers did not leave the track.

THREE STRUCK AND KILLED BY ACCOMMODATION TRAIN

(By Associated Press.)

YORK, PA., February 11.—Three men were struck and killed by an accommodation train on the Northern Central Railroad, near Seitzland, sixteen miles south of this city, to-day. The victims were part of the crew of a fast northbound freight train. The dead are:
SHAS ALDER, conductor, of Baltimore.
JOHN C. BAUGHMAN, engineer, of New Freedom, Pa.
FRANK McFADDEN, brakeman, of Baltimore.

They were repairing a burst tire on the driving wheel of the locomotive, and, blinded and deafened by the escaping steam, did not notice the approach of the accommodation.

PRECEDED THE COURT IN PASSING JUDGEMENT

Alabama Mob Hangs Negro Not Indicted for Assaulting Lady.

(By Associated Press.)

GADSDEN, ALA., February 11.—Bunk Richardson, a negro, charged with the murder and assault of Mrs. Sarah Smith here, July 15 last, was forcibly taken from the jail here at an early hour this morning and hanged to the bridge of the Louisville and Nashville Railroad across the Coosa River. Twenty-four masked men went to the jail, overpowered the sheriff and jailer and made short work of the prisoner. Four negroes were charged with the crime against Mrs. Smith, one of the most indecent ever committed in the State, two of whom have been legally executed. The third, Will Johnson, was recently convicted and sentenced to death, but last week Governor Hicks, believing there was strong doubt of the prisoner's guilt, reprieved the negro's sentence to life imprisonment.

Richardson, the man lynched this morning, had not yet been indicted, but was in jail awaiting the action of the grand jury.

At the coroner's inquest, held to investigate the lynching, the only witnesses to testify were Sheriff Chandler and Jailer William Dixon, who said they were overpowered, and Police Officer Sam O. Brandon, who said he heard the shooting, and was ordered by the members of the mob to go back to town. The verdict of the coroner's jury was as follows:

"We find that the deceased, Bunk Richardson, came to his death by being strangled from hanging, or a wound in the head, at the hands of a party or parties to us unknown."

Governor Jells to Investigate.

(By Associated Press.)

MONTGOMERY, ALA., February 11.—Shortly before leaving Montgomery for New York to-night, Governor Jells was notified of the lynching of Bunk Richardson at Gadsden by a telegram from Sheriff Chandler, of Etowah county. Governor Jells said that as soon as he returned from New York he would take active steps toward bringing the lynchings to justice.

SCHOONER IS SUNK ON SOW AND PIG'S REEF

(By Associated Press.)

VINEYARD HAVEN, MASS., February 11.—The famous Sow and Pig's Reef, claimed another coaster to-day when the New York three-masted schooner Joseph Hay, Captain C. B. McLean, struck on one of the western ledges and sank 15 minutes later in twelve fathoms of water. The six men on board, who jumped into their yawl without saving any of their belongings, were brought here this afternoon by a tug.

The vessel was laden with 80 tons of coal from Perth Amboy to St. John, N. B. In clear weather she suddenly struck one of the western ledges, crashed along on top of it and then bumped over into deep water. The crew rushed on deck and started the pumps, but it was seen that the vessel was sinking so the yawl was hastily cut away. Captain McLean was the last to leave the vessel. The revenue cutter Dexter was close by and took the men aboard and later transferred them to a tug.

PLANT U. S. FLAG ON ARCTIC LAND

Captain Mikkelsen Hopes to Find Archipelago Off Siberian Coast.

SCIENCE WILL BENEFIT

Anglo-American Polar Expedition to Search for an Archipelago.

(Special to The Times-Dispatch.)
WASHINGTON, February 11.—Upon the theory that there exists in the Arctic regions an enormous archipelago, as yet unexplored, lying between the Parry Islands and Wrangel Land, off the Siberian coast, Captain Elmar Mikkelsen, commander of the Anglo-American Polar Expedition, will undertake what is said to be an entirely novel campaign in the history of Arctic expeditions.

Although a subject of Denmark, Captain Mikkelsen, upon discovering the new continent, intends to plant there the American flag and claim it as a possession of the United States. He has no intention of trying to reach the North Pole.

Accompanied by the Danish Minister and Henry Edward Rood, of New York city, he called upon the President to-day and explained to him the objects and purposes of the expedition. President Roosevelt expressed his hearty approval of the enterprise.

It was explained that the intention of Captain Mikkelsen is to make scientific investigations which probably will result in new and important additions to present knowledge of geology, meteorology, hydrography, and possibly ethnology, astronomy and physics.

Captain Mikkelsen will have as his companions all the expedition, which it is proposed shall start from San Francisco in May of the present year. Ernest Leffingwell, of the University of Chicago, who will have charge of all the scientific work, and Elmar Dillevalson, of Copenhagen, who is both a zoologist and an artist.

Dillevalson served with Mikkelsen in the Androp Polar Expedition of 1900. Leffingwell was attached to the Baldwin-Ziegler Arctic journey of 1901-1902. Mr. Leffingwell's father, a prominent educator of Knoxville, Ill., has subscribed liberally to the undertaking, as has Mikkelsen himself.

CROWNED HEADS AT KING'S BURIAL

(Continued from First Page.)

day the Senate will at 5 o'clock on next Wednesday vote on the subsidy shipping bill, and under the same agreement, the entire days Tuesday and Wednesday, with the exception of the time devoted to routine business, will be given up to the discussion of the shipping bill.

Disposal of Statehood Bill.

The joint statehood bill will be made the unfinished business of the Senate on Thursday, following immediately upon the disposal of the shipping bill, and will continue to hold that place until voted upon or displaced. Opinions differ as to the time that will be required for the consideration of the measure. Confessedly the Senate is quite evenly divided on the Foraker amendment giving Arizona an opportunity for a separate vote on the question of admission, and it is not probable that a test of strength will be consented to until there is more definite information as to the attitude of certain Senators than can now be obtained.

The decision has been reached as to what will follow the statehood bill and unfinished business, but it probably will be either the tariff bill or the Philippine tariff bill. The day for a vote on the railroad bill in committee has been fixed for next Friday, and the bill will be reported soon after the shape agreed upon.

Resolved, by the Department of the Interior, G. A. R., in annual encampment assembled, that we view with regret and sorrow the public display of an emblem which tends to keep alive the bitterness and animosity engendered by the war, which it should be the aim of every good citizen to allay.

Resolved, That such a course tends to instill in the minds of coming generations aversion, if not hostility, to our national emblem, and is not in accord with the repeated profession made by the Southern people of their love for the national emblem and their devotion to the Union.

Resolved, That in the interest of the peace and good will toward all which we desire to promote, we earnestly request all ex-Confederate soldiers, once our valiant foes, but now our fellow-citizens, and sharers with us in the pride of American valor and heroism, and all the noble-spirited people of the beautiful Southland to abstain from all public displays of that emblem, which tend only to keep alive feelings which ought to be buried.

Rich Gift For Miss Alice.

(By Associated Press.)

WASHINGTON, February 11.—Of rare value and beauty is the gift of the King of Italy to Miss Roosevelt upon the occasion of her marriage. It is a table of Italian mosaic work showing the scenes from Italian cities and towns. The table was made in Florence and was personally selected by the King.

Mr. E. S. Evans to Lecture.

Mr. Edward Steptoe Evans, assistant State Librarian, has accepted an invitation to deliver an address before the Teachers' Co-operative Association next Friday afternoon at 4 o'clock.

Mr. Evans, who is a trained librarian and accomplished scholar, will discuss the "Co-operation of the School and the Library," a theme which will readily interest every teacher in Richmond. Messrs. Kennedy and Evans have made the Virginia Library a treasure-house for Richmond teachers of every grade, and they have the warm gratitude of all teachers and public alike.

Our Greatest Poet.

There is talk of erecting in Richmond a monument to Edgar Allan Poe, and the Richmond Times-Dispatch says: "The fact is that our greatest American poet has been snubbed and dishonored by a committee of Northerners, and it behooves his friends and fellow-citizens in Richmond to raise a shaft to his fame in token of their appreciation of his genius and as a tribute to Southern genius and art. If Richmond will but start the movement, we doubt not that the admirers of Poe in all parts of the United States and abroad will have pleasure in contributing."

A tribute to the greatest poetic genius our country has produced would be appropriate in Richmond, and we hope the movement will succeed.—Montgomery (ALA.) Advertiser.

Mr. Jno. G. Elzer, who underwent an operation at the Memorial Hospital two weeks ago, has sufficiently improved to be out in a few days. This will be gratifying news to his many friends.

Red Tag Specials

For To Day

25c Mercerized Madras, in neat figures and stripes, sale price, per yard.....	18c	Corset Cover Embroidery, worth up to 35c, sale price	19c

JULIUS SYCLE'S STORE,

Second and Broad Streets. "In the Heart of the Shopping District."

New York's First Deputy of Police Has Good War Record

Police Commissioner Bingham appointed as his first deputy Rhineland Waldo, a young society man, who saw service as a lieutenant of infantry in the Philippines. Mr. Waldo is expected to be a very alert first deputy. At present Mr. Waldo is earnestly engaged in looking for the "gentleman" who impersonated him at the Tenderloin station, and denying that he is a "society man."

SLAP AT "BERTIE" RIGHT ON WRIST

Statesman Adams Wants a Real Whipping Post—Mean Old Congress Will Say No.

(By Associated Press.)

WASHINGTON, February 11.—Despite the strenuous efforts of the most beautiful member of Congress, "Bertie" Adams, of Philadelphia, to save it, his bill to establish a whipping post for wifebeaters in Washington, is to be defeated.

The bill will come up for consideration in the House to-morrow, and it will be overwhelmingly beaten.

Not that there exists any sentiment favorable to wifebeaters, but because it is believed that the whipping post is a survival of barbarism, and the experience of Delaware proves that, as a deterrent, it is not salutary.

Besides, the powers of Congress decided that the public cannot stand so many big questions at once. The rate bill, the merger inquiry, the Panama Canal and other matters have caused so much excitement that the addition of the whipping post issue threatened to cause mental breakdowns. Moreover, the White House wedding is looming up, and the social authorities felt that the decks should be cleared for that important function.

Congressman Adams' ponderous piece of legislation threatened to obscure the great event. It had to be removed from the scene.

Poor, dear "Bertie" is almost broken-hearted over the fate that awaits his measure. His nerves are so strung that he needs smelling salts constantly. He cannot realize that a measure proposed by the man who declared war against Spain, with the assistance of some coarse persons, could be treated rudely.

The peach bloom has deserted his cheeks and "Bertie" is drooping like a violet beneath an icy blast.

He Stoops to Conquer.

"Bertie" conducted a marvelous campaign in favor of his bill. He had a lot of congressmen up to tiffin and introduced them to some real clever chaplains. But the congressmen fellows have turned out to be not at all clubby, and out of all those whom "Bertie" entertained only about a dozen will vote for his bill on to-morrow.

TURKS END EXPEDITION AGAINST YEMEN REBELS

(By Associated Press.)

CONSTANTINOPLE, February 11.—According to the statement emanating from Turkish sources, Marshal Ahmed Fethi Pasha, commanding the Turkish troops in Yemen, has returned to Sanna with a few prisoners, and has announced the complete success of his expedition against the Yemen rebels. Nevertheless, the operation against the important fortress at Shikara, which is occupied by rebels, has been abandoned, the besiegers having four guns behind, owing to a lack of transport facilities. Yusuf Pasha, who was wounded during the assaults, and Risa Pasha, who formerly commanded the expedition, but was superseded by Marshal Ahmed Fethi Pasha, was killed.

FRENCH NEWSPAPERS DISCUSS MOROCCO

Temps, Referring to Rights of France, Demands Resumption of Former Situation.

(By Associated Press.)

PARIS, February 11.—A fresh semi-official note, emanating from Germany, and claiming that Germany's former proper demands that the police of Morocco be either regulated by the zone system, under the various powers, or entirely entrusted to neutral nations, has attracted much attention here.

The Temps to-day devotes its leading article to the note, pointing out that either the special rights of France, which were recognized before the opening of the Algeiras conference, must be confirmed without thereby injuriously affecting the general rights of the other powers, or France's claim must be entirely rejected and the general rights of the other powers thus remain unguaranteed—in other words, the resumption of the former situation.

Service in Philippines.

For eighteen months he was in command of a battalion of Philippine scouts in the wilderness of Mindanao, surrounded by 20,000 ugly Moros who were his enemies. His own force numbered 50 officers and men. The nearest army headquarters was 400 miles distant. There was no telegraphic communication from those with whom he served in the Philippines.

General Bingham has several letters highly complimentary to his deputy from those with whom he served in the Philippines.

The young officer was constantly subjected to hardships and dangers and was commended from his superiors. He took an active part in the campaign in Northern Luzon under General MacArthur in 1899, participating in about a dozen battles and minor engagements.

On one occasion, while in search of Chief Ali, he was attacked descending a river with ten of his scouts in an open vitas—a boat made of two dug-out logs lashed together. There were about fifty natives in the attacking party, which followed the boat down the river, firing continually from the thick underbrush along the shore. Three of Waldo's scouts were shot dead by his side and two others were seriously injured. That any of them escaped was miraculous.

Waldo tells of a Philippine sergeant in his company who took a dislike to a Moro

and pumped his face full of lead. The scout said he had nothing against the man except that he didn't like his face. He was sentenced to twenty years' imprisonment.

Subjugated a Province.

For another full year of his services in the Philippines, Waldo was in command of the garrison and in charge of the civil government in two towns containing more than 40,000 inhabitants in the Province of Pangasinan, 129 miles north of Manila. At the time of his arrival it was unsafe for a white man to walk in the streets. In the twelve months of his command he pacified the natives and confiscated more than 500 rifles.

For a time in 1902 Waldo was an aide on the staff of General Wood in the field.

WIFE "DEAD, HE TELLS UNDERTAKER; "JOKE"

Lonely Woman Who Isn't Ready to Be Embalmed Can't See the Point.

(Special to The Times-Dispatch.)

PHILADELPHIA, PA., February 11.—The sense of humor of Edward Kelly, of No. 28 Fitzwater Street, is ghastly.

When he returns to his home he will have to explain to an irate wife why he said she was dead, why he ordered her coffin constructed, and why he made complete arrangements for her funeral.

Kelly overlooked no feature of his joke. A hearse and eight carriages were engaged. A deed to a cemetery lot was produced for the inspection of an undertaker, and the slip came only when the undertaker, John A. Donahue, of No. 207 North Twelfth Street, went to the Kelly home Wednesday night to embalm the corpse.

He found Mrs. Kelly sitting beside the kitchen stove.

"Dead!" she exclaimed. "Ed. knew I wasn't dead when he left home."

The undertaker and Mrs. Kelly are now searching for Kelly. The wife declares she cannot understand the hoax. She was in the Pennsylvania Hospital most of January, but last night seemed to be in excellent spirits.

At least, fifty friends of the family have called at the Fitzwater Street home to tender their sympathy.

Mrs. Kelly is supported by a seventeen-year-old son, who works in a silk mill at Twenty-third and Hamilton Streets. The two board at the Fitzwater Street address and the wife declares her husband perpetrated the false alarm of death to obtain insurance money.

Headaches and Neuralgia from Colds. Laxative Bromo Quinine, world wide Cold and Grip remedy, removes cause, Cures the full cure and look for signature of E. W. GROVE, 2c.
